ACADEMIC CONCLAVE

Ayurveda: Vision 2047

Ayurveda the ancient system of natural healing has been an integral part of India's cultural and medical heritage for thousand of years. To chart a course for Ayurveda's future it is essential to gather scholars, practitioners, experts, researchers bureaucrats and policy makers to discuss and envision Ayurveda's path to 2047 and beyond.

The total GDP of India was approx 3385.0 billion USD in the year 2022. In the same year Agriculture sector GDP was approx 473.9 USD billion i.e 14% of total GDP, whereas Health care sector GDP was approx 71.08 USD billion i.e 2.1 of total GDP while Ayurveda sector got only 2.85 USD billion which is merely.08% of total GDP.

The Global Ayurvedic market is expected to grow at a CAGR (compound annual growth rate) of 12% from now onwards which means as per present rate of increase Ayurveda is expected to contribute 2% of total GDP @ 2047 which will be equivalent to total health care sector GDP.

If Ayurveda becomes the primary health system of India - The total GDP of Ayurveda along with Agriculture will increase by many folds as most of the medicinal products of Ayurveda are produced by the Agricultural sector. Eventually dependability of nation on other countries will be reduced.

The Aim and Objectives of Academic Conclave Ayurveda: Vision 2047 are as follows

- To chartout a roadmap to make Ayurveda as a prominent medical health care system of India.
- To discuss the challenges and opportunities in present and future scenario.
- Explore research and innovation in Ayurvedic medicine.
- Address the global perspective of Ayurveda's growth and acceptance
- To deal with challenges like standardization and quality control of herbal products.

About Mansarovar Group of Institutions

Mansarovar Group of Institutions is one of the most prestigious leading, eminent group of educational Institutions in Central India. The institution came into existence in the year 1995 with the sole purpose of starting first grade education by Great Visionary Hon'ble Er. Kamla Kant Tiwari ji. It intends to cater needs of those who aspire for education across all domains. It offers top-notch education in pharmacy, business administration, ayurveda, dental, paramedical healthcare, nursing, agriculture, law and other educational streams.

To fulfill the demands of the 21st century, MGI aims to change ideas and practices as a bastion of learning and a forerunner of quality consciousness.

About Vishwa Ayurved Parishad

Vishwa Ayurved Parishad was established in the year 1997, to reinstate the glory of Ayurved in the present era and to facilitate the acceptance and recognition for Ayurveda all across the country and the globe. VAP is in a relentless effort to provide a credible platform to the scholars & followers of Ayurveda, in order to enhance the potential and authenticity of the science to wider audiences globally. Covid Pandemic times have rightfully highlighted the importance of Ayurveda for health management and disease prevention. Presently Vishwa Ayurved Parishad is the largest international organization of India which is working for betterment of mankind through Ayurveda.

About Ayurved Colleges

Mansarovar Group of Institutions has three renowned Ayurveda Institutes Namely–

Mansarovar Ayurvedic Medical College, Hospital & Research Centre, Bhopal (MAMCH&RC)

Sri Sai Institute of Ayurvedic Research & Medicine, Bhopal (SIARAM)

Faculty of Ayurveda- Mansarovar Global University, Sehore (FOA-MGU)

MAMCH&RC was established in 2015. It was the first 100 seater Ayurvedic college in central India. Presently, the college has become a leading institute and has commenced postgraduate courses in three important branches namely Shalakya Tantra, Prasuti Tantra & Stri Roga and Samhita Siddhanta of Ayurveda with excellent ultramodern infrastructure and training facilities. In 2017 Sri Sai Institute of Ayurvedic Research and Medicine was established and subsequently in 2021 the third Ayurved College Faculty of Ayurveda- Mansarovar Global University was founded. Mansarovar Group of Institutions has now become the epicenter for Ayurveda education, training and Research in India.
