

Mansarovar Ayurvedic Medical College, Hospital & Research Centre, Bhopal (M.P.)

Department of Shalya Tantra (Surgery)

Introductin:- Ancient Surgical Science Shalya Tantra embraces all processes aiming at the removal of factors responsible for producing pain or misery to the body and mind.

The Scope of Shalya Tantra is to remove any extraneous substance such as fragment of Hey, particle of stone, dust, iron, bone and condensed pus etc from body to pacify the pain/disease.

Acharya sushrut is called the father of Surgery , like first to describe dissection, absorbable suture Material, instruments, operative procedure for specific diseases and many other surgical procedures is described in Sushruta Samhita.

Vision:- To impart strict discipline and Management of operation theatre and live demonstration of various surgeries and their handling during operation due to which our students turned out to be good surgeon in future.

To give Knowledge of ancient principles of shalya Tantra , surgical and Para surgical procedures of diseases and treatment protocols is also to be taught during their course.

Facilities:- A well equipped and ultra modern Operation theatre and Minor Operation theatre.

- We performed all type of Anorectal surgeries .
- All para surgical procedure like Agnikarma, Ksharkarma and Raktmokshan.
- Treatment available for all type of Dushtavranas.
- We have Anorectal clinic and we prepare different type of Kshar sutra for Anorectal procedure.
